

DANIA BEACH COMMUNITY REDEVELOPMENT VISIONING

DANIA BEACH, FLORIDA

Key Issues:

- Developed cohesive community vision for “Downtown” redevelopment using interactive community visioning process
- Gained consensus on land uses, density, conceptual development needs
- Addressed major roadway realignment and identified community preferred alignment
- Developed urban design template for “Federal Street” and “Beach Street” districts
- Prioritized major re-development projects

Completion Date July 2002
Population 20,061 (2000 Census)
