

FLORIDA CITY CRA MASTER REDEVELOPMENT PLAN

FLORIDA CITY, FLORIDA

Iler Planning recently completed an update to the Florida City Community Redevelopment Agency (CRA) Master Plan. The Redevelopment Plan developed guiding goals, objectives and policies to steer redevelopment and decision making within the CRA. The plan also included a “toolbox of programs” and a financial plan intended to develop the tax base, create jobs and enhance the health and vitality of the neighborhoods and businesses. Iler Planning produced the original 1995 CRA Plan and the tax base has grown over 600 in the 13 years since the plan was written.

Key Elements:

- Redevelopment projects
- Business assistance
- Neighborhood reinvestment
- Land acquisition
- Public improvements
- Community safety and appearance
- Regulations and external improvements

Completion Date 2009

Population Population: 9,318 (BEBR, 2007)
