

FLORIDA CITY LAND DEVELOPMENT CODE AND FULL-SERVICE PLANNING FLORIDA CITY, FLORIDA

Iler Planning was retained by the City shortly after Hurricane Andrew devastated the area in 1992. As part of the early efforts at redevelopment, Iler Planning recommended realistic projects that would help get the community back on its feet. In addition, Iler Planning also recommended strategies that attempted to improve the basic economic and social foundations of the neighborhood. Many of these recommendations were adopted by the community and the resulting economic and social recovery is clearly evident today.
