

FORT LAUDERDALE URBAN DESIGN PLAN FORT LAUDERDALE, FLORIDA

In 2001, the City of Fort Lauderdale directed Iler Planning and its team of urban design and transportation specialists to assess the needs of the City's downtown area and surrounding neighborhoods.

Project Highlights

- Better links to neighborhoods downtown
- Uncover existing water views
- Create more parks
- Urban design improvements for commercial corridors
- Enhance city neighborhood identity
- Attract residential uses downtown

Completion Date June 2001
Population 152,397 (2000 Census)
